Isles of Scilly Local Offer - You Said, We did, Feedback 2019

June 2019

Family Information Assistants begin working on the Isles of Scilly Local Offer, working closely with the Isles of Scilly Parent Carers forum to co-produce the Local Offer for Scilly. Local Offer working group with the Isles of Scilly Parent Carers Forum met weekly and carried out researched and discussion, they visited Cornwall Council to meet Family Information Service. We developed the Local Offer, looking at information that was required, gathered this and information on local services and activities.

November 2019

We held a Local Offer workshop with parent carers, going through the Local Offer information and the Parent Carers had input into how they wished information on the Local Offer was presented. The website designer was also present.

We held a Local Offer workshop with the Five Islands Academy SEND group, one session for primary and another for secondary aged children. They looked at information for Local Offer, images and website design and gave us feedback.
